

Service like you've never seen before

Generac's TechPro App brings convenience and efficiencies to the way you service and support your consumers. This tablet-based program provides technicians the ability to have all their Generac generator service information at their fingertips.

Annual cost of \$99.00 per download to increase productivity of your staff! (No Monthly Fee)

Key Features:

You now have the ability to scan or type in the product serial number to quickly access the following generator information:

- Activate and register the generator and transfer switch
- Receive service bulletins
- Access to Diagnostic Manuals and other support documents
- View and submit warranty claims and expiration information
- View factory technician notes and field technician notes from previous visits

Download TechPro Today!

- Must have an active Generac Service Account and Technician ID Number
- App can be downloaded using an Apple IPAD with an operating system 9.0 or newer and requires WiFi or Cellular connection
- Download by purchasing TechPro from GenService (Part Number: G0071060 new sign up G0071070 renewal)
- Your TechPro Login will be the same as your GenService Login
